- Fits most 10" Speakers
- Speaker Bolt \varnothing 24.8 mm
- Injection ABS
- 6 mm Thickness
- 4-M4 Nut-Inserts
- Hardware Included

#WE
LIKE
IT 0000
LOUD

A faint, light-colored graphic of a speaker diffuser is visible in the background. It features a circular shape with a triangular pattern inside. The text '#WE LIKE IT 0000 LOUD' is printed on the diffuser in a stylized, slanted font.

INSTALLATION:

- 1 Bolt on the speaker to the diffuser using the included bolts and tight them very well
- 2 Build your own speaker box to support the speaker horn.
We recommend an internal volume of 0.74 Ft³
- 3 Connect the speaker wire from the amplifier to the speaker
- 4 Mount the speaker horn to your speaker box and enjoy it!
